They have been discussing load forecast and doing a customer survey around VCE's carbon neutral goals. However, first there is a need for a public facing document to offer customers to review, such as a summary of VCE's Strategic Plan, then they would like to seek input on customers' priorities.

Additionally, the CAC recommends that when taking this item back to the Board, Staff should provide the Board with financials from 2018/19 and FY2019/20 as well as budget estimates for FY2022/23 and FY2023/24 to provide a fuller picture of the financial health of the organization.

Lastly, the CAC would like to wait on a recommendation for the target RPS for the 2021-24 average and requests that Staff bring this item back to the CAC when the item needs to be determined.”

This motion was seconded by Yvonne Hunter with the following additions in the first sentence of the motion: “after a sobering discussion” and “due to fiscal prudence”.
