Programs Task Group: Ms. Baird informed those present that they continue to meet every other week, have been working on next program plans, and that CAC Member David Springer prepared a “Flatten the Curve” article to remind people how to shift their load. This article will be included in the quarterly newsletter, posted to the website and social media with it again being posted in the Spring.

The task group will be spending time on taking a look at what our priorities and programs will be for next year. After the Board adopts the Environmental Justice Statement, the Leg/Reg task group will develop environmental justice legislative language, provide it to the CAC, then bring it to the VCE Board.

9/10/2020 Board meeting summary: Interim General Manager Mitch Sears provided a summary of the Board's September 10, 2020 meeting: 1) approved an extension of financing the River City Bank line of credit, 2) approved two (2) power purchase agreements (ORMAT/Tierra Buena and Leapfrog) for resource adequacy (RA); 3) received an update on the draft Environmental Justice Statement; and, 4) reviewed and discussed the draft Strategic Plan.

A number of our agency Board Members and others signed onto this letter - totaling 98 members. The letter has been posted on social media in conjunction with other CCAs. This effort daylights issues regarding PCIA to the CPUC.

The Winters enrollment is currently in process. This is the first time VCE will be extending its territory and we appreciate the support we have received and your feedback.

We are in the process of developing an MOU with City of Winters and expect to have chargers installed in downtown Winters.

Item 7: VCE Strategic Plan Process (Action)

Mr. Sears, VCE Staff George Vaughn, and Shawn Marshall of LEAN Energy, VCE's consultant to the Strategic Plan, reviewed with the CAC Members the draft 3-year Strategic Plan.

CAC Members offered observations, made suggestions for changes, and engaged in thoughtful exchange about different items. In addition, individual CAC Members shared their own observations, suggestions and amendments with Staff through emails and prior conversations.

Given the complexity of the task and the multitude of suggested changes, Chair Hunter made a motion to provide a "sense of the CAC" statement to the Board as follows: "The CAC believes the Strategic Plan definitely is moving in the right direction. The current draft reflects the input and comments from the VCE board members and CAC members that were raised at previous meetings. Given the timeframe set by the board for adopting the Strategic Plan, it is not feasible to have the CAC review the next iteration of the Plan at its October meeting. Thus, the CAC encourages VCE staff, as it revises the current draft, to consider all of the items raised by CAC members, either at this meeting or separately, and to incorporate as many of them into the next draft of the Strategic Plan as possible. The CAC appreciates the opportunity to be engaged in the Strategic Plan process and stands ready to work with the Board and staff to implement it once a Plan is adopted." This motion was seconded by Gerry Braun. Motion passed by the following vote:

AYES: Hunter, Baird, Braun, Shewmaker, Casey, Aulman, Kristov, Springer, Rodriguez

NOES: None

ABSENT: Rindahl, Meyer
